GRAVITATE HDP High Definition Porcelain

shown on front: **GVT30 12X24** Gray

Gravitate^{HDP} features the classic look of vein-cut travertine with stunning color variations, textural nuances, and dramatic movement. A beautiful replica of the flowing parallel veins found in nature's artistry, this collection provides intrinsic flair to any space.

Field tile is available as a pressed 12x24 in four colors featuring a matte finish: White, a combination of creamy white tones with soft grays; Beige, a sand color with elements of light gray and cream; Gray, cool tones of light and medium gray with undertones of white; and Natural, a complex mix of greige, taupe, and off-white. A 25-piece and 1x6 offset brick mosaic are available in all colors with a 3x24 bullnose to complete the line.

Gravitate^{HDP} glazed porcelain floor and wall tile is appropriate for most residential and commercial interior, dry and wet applications including walls, countertops, backsplashes, and floors. Made in the USA at our Green Squared[®] certified Advanced Manufacturing Center in Lawrenceburg, KY, it includes pre-consumer recycled content. It meets the DCOF AcuTest[®] requirements to be installed in wet areas and is GREENGUARD[®] and Porcelain Tile certified. Incorporated into the tile surface is Microban[®] antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.

Color Variation

V3 Moderate Variation

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece may vary significantly. For example "that little bit of color" on one piece of tile may be the primary color on the next piece.

Color, texture, and finish variations may occur due to the nature of the product.
