RELIVE ^{HDP}

High Definition Porcelain

shown on front: **34132 8x48** Florida

Relive^{HDP} from Florida Tile features the durable, weathered beauty of reclaimed wood with options for indoor and outdoor use. The graphic on each tile conveys a history derived from this beautiful wood's previous life. The knots, splits, stains, and markings from natural weathering create a sense of warmth while telling a story of quality and longevity.

Four distinct and dramatic colors have been created using HDP-High Definition Porcelain® printing technology, Alaska, Florida, Oregon, and Montana are each inspired by the richness and unique character of their namesakes. With Alaska, you'll find light, smoky grays atop a soft, neutral taupe background. Florida's light, cream-colored surface boasts weathered hints of gray. Oregon combines a mid-range brown with sporadic dark ash flourishes. Montana, the darkest of these recovered wood looks, blends a range of light and dark browns with hushed washes of gray.

Available in a rectified 8x48 wide plank or a 24x24 2cm outdoor paver, Relive^{HDP} has a casual yet chic charm. It works beautifully in all spaces and allows an effortless transition from indoor to outdoor living spaces.

Relive^{HDP} is appropriate for most applications in both residential and commercial settings. It is entirely made in the USA in our Green Squared® certified Advanced Manufacturing Center in Lawrenceburg, KY. It includes pre-consumer recycled content and is GREENGUARD® and Porcelain Tile certified. Incorporated into the tile surface is Microban® antimicrobial technology that works continuously to inhibit bacteria growth, improve visible cleanliness, and reduce odors.
